Great Learning

WORK EXPERIENCE

Web Minds IT Solution

Frontend Developer (June 2023 – JUL 2024)

- Developed a responsive website UI using HTML, CSS, and JavaScript and Bootstrap Framework
- Collaborated with project managers to successfully deliver projects on time, resulting in an increase in organizational efficiency.
- Participate in code reviews and contribute to team discussions on best practices
- Assist in the development of new features and functionality for web applications
- Analyzed user research trends and suggested changes to existing design processes for better results

PROJECT

Animal Health Care

Technologies : HTML, CSS, JS, PHP ,Bootstrap

- Developed the "Animal Health Care" project, incorporating features for pet adoption and pet-product shopping. Utilized HTML, CSS, JavaScript, and PHP to create a user-friendly platform that enables users to browse and adopt pets, as well as purchase pet-related products. This project demonstrates my ability to build comprehensive web applications and handle various aspects of frontend and backend development.
